About the Program

The **New Works Cohort Program** is a 5-month program offering mentorship and coaching around the business of producing dance. Participants will expand their networks while gaining knowledge from leading professionals in areas such as:

- Fundraising
- Producing
- Organizational Management
- Communications & Marketing
- Career Planning

- And more!

By learning from each other's experiences, participants will gain sustainable skills and knowledge over the course of five months (January–May 2025). The course content is responsive to the needs of the Cohort, so this application collects information about you or your company's needs.
